PAUL H. VAN NOIE
DIRECTOR

FACILITY PROJECT APPROVAL LIST

1. CTC – Alt. Fuel System
2. WRC – Parking Lot Replacement
3. DOCUMENT CENTER – Color Copier RFQ's (bids received but not yet opened at this time)

Special PDT Cmt Meeting

May 16, 2012

CTC – Alt. Fuel System

This project is a State of Wisconsin mandated backup LP heating system for the natural gas fired equipment at the Brown County Community Treatment Center.

This propane-air backup system includes:

- 1000 gallon underground storage tank.
- Electric vaporizer/mixer.
- Liquid pump.
- Piping and valving.
- Start-up, testing, and owner training.

Recommend approving low bid of \$65,800 from Energys USA.

WRC – Parking Lot Replacements

- Remove and replace the west and east parking lots and catch basin (in west lot) at the WRC due to age and condition.
- East parking was bid as an alternate in case approved budget did not cover cost of entire project.
- Recommend approving low bid \$39,208 from MCC, Inc.

Document Center – Color Copier Replacement

- Replacing existing color copier due to being beyond projected useful service life and poor condition.
- Existing color copier is producing sub-standard quality copies.
- New color copier will enhance copy quality and reduce maintenance costs.
