In turn, Parks may assume the present Board Office location or a different location as deemed by the Executive Branch. Because the County Board Office and the County Clerk's Office work in concert with one another in regard to the governance of Brown County, I believe this move would provide a streamlined approach to interdepartmental communications and associated work produce, which is developed by both entities. County Clerk Juno supports this proposal, but perhaps more importantly, County Board Staff does as well!

Feb. 20, 2013	011	Pg. 24, 11c	EX	3/11/13, pg. 4, #15	From Supervisor Williams regarding to change the starting time of the Wednesday County board meeting from the current 7 p.m. to 6:30 p.m. hereafter. This is in reference to 2.13€. The Board shall conduct regular monthly meeting on the third Wednesday of each month beginning at 7 p.m. unless moved to a different date of hour by adjournment of the previous meeting. Corporation Counsel to draft a resolution for presentation to the Board.
Mar. 20, 2013	012	Pg. 2, 5a	EX	5/6/13, pg. 6, #21	From Supervisor Erickson regarding it has been brought to my attention by staff that Supervisors are requesting resolutions to be drawn up before the parent committee has ever looked at or discussed the topic. This is a waste of staff time that has to stop. The Board Chair and Vice Chair should inform all Supervisors that if they would like a resolution drawn up to go to the Chairman of the parent Committee to have it put on the Agenda for discussion and future action if required. It should also be brought to the attention of all Supervisors that before they ask staff to do extensive research that the place to start would be with the appropriate Committee Chair or the Board Chair or Vice-Chair to determine if the topic has already been discussed in the past. This will save staff and Committee time.
	013	Pg. 2, 5b	EX	5/6/13, pg. 6, #22	From Supervisor Moynihan regarding request that the Executive Committee formulate a directive in which a Standing Committee may endorse the nomination of Citizen Recognition in the form of a resolution/commendation. Past practice has shown that Committees have made motions providing citizen recognition without being a noticed agenda item. The motions (requesting a resolution/commendation would then be forwarded for presentation prior to the following County Board Meeting. Doing so bypasses the vetting process of the entire County Board. I have no problem commending our citizens, but I do believe in process, and in my estimation, there is not a proper process at present.

Along those lines, have I.S., also develop a "Spotlight" section on the Brown County Website which would highlight a County employees' excellent service to the taxpayer. Different employees could be reflected on the Website bi-weekly or on a monthly basis, if they so choose to be recognized upon selection. Before proceeding any further other than discussing the matter, I would request I.S. to provide any incurred costs associated with each "Spotlight."
