

INCIDENT COMMAND WEEKLY BRIEFING

TUESDAY NOVEMBER 24, 2020- MONDAY NOVEMBER 30, 2020

Goals of the Incident Command COVID-19 Response

- Slow the spread of COVID-19 in Brown County to minimize illness and death.
- Keep Brown County open using proactive prevention efforts.
- Promote both community and internal resiliency efforts.

Successes/Milestones this week

- Onboarded Abbey McLaughlin, Public Health Nurse, to assist in multiple areas of the COVID-19 response.

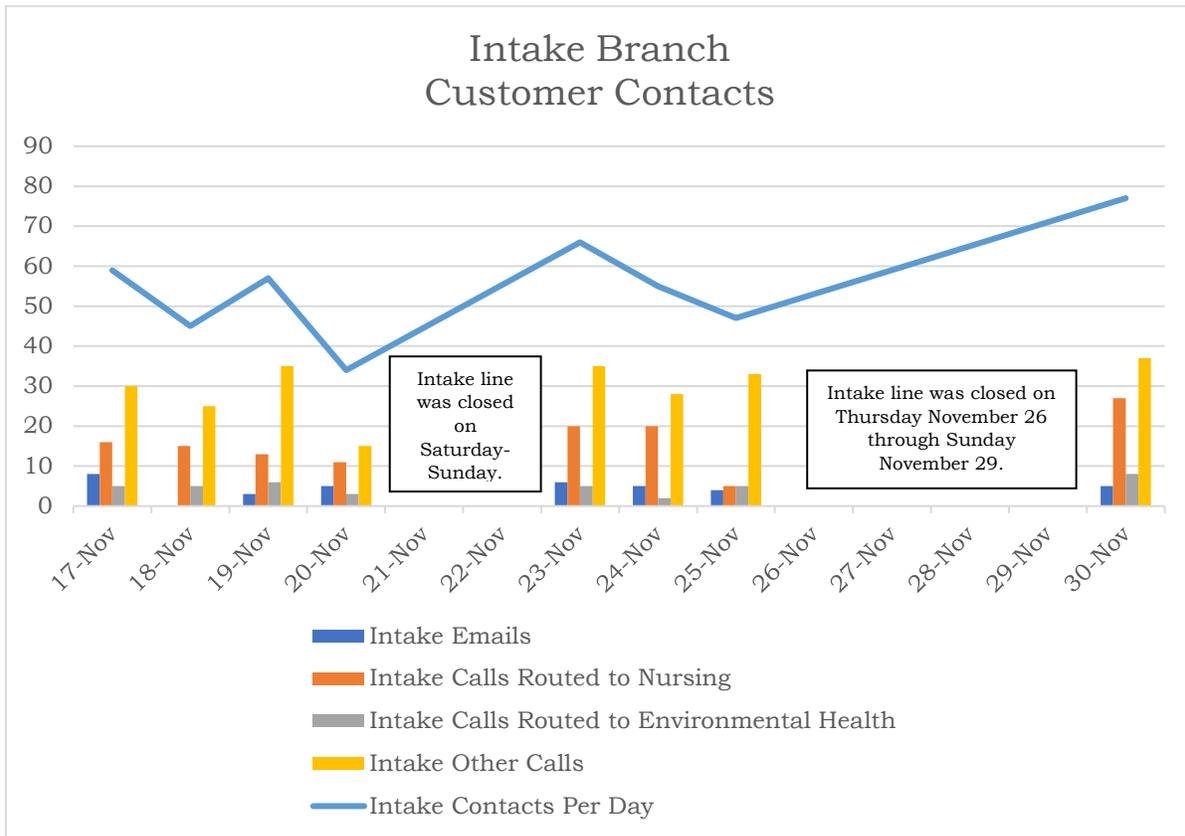

Upcoming Considerations

Consideration	Incident Command (IC) Response
Gaining voluntary compliance with health and safety recommendations.	<ul style="list-style-type: none"> • Issued press release reminding public to stay safe and follow guidance over Thanksgiving Holiday. • Continued to work with the Green Bay Packers and Bellin Health to plan an additional flu clinic on December 5, 2020 for adults and children. • Conducted four site visits at COVID-19 community testing locations to observe and document best practices that we can utilize in the future. • Shared messages regarding safe practices and gatherings for the Thanksgiving holiday through social media.
Improving internal processes and building capacity with consideration given to increased demands on public health.	<ul style="list-style-type: none"> • Continued the campaign regarding COVID-19 and Public Health roles to recruit for several key COVID-19 response positions including public health nurses. • Implemented a streamlined intake process to become more efficient in tracking Environmental Health and Nursing calls. • Continued to cross train staff on multiple areas of response to ensure coverage and depth of knowledge. • Continued discussions about how to improve our data and become more efficient in pulling and analyzing it for the community.

Contact Investigation				
	Total Cases to date	Out of Isolation/Closed	Active Cases	% Complete
November 24	20,999	18,299	2,700	87.1
November 25	21,304	18,718	2,589	87.8
November 30	21,779	18,861	2,918	86.6

INCIDENT COMMAND WEEKLY BRIEFING

TUESDAY NOVEMBER 24, 2020- MONDAY NOVEMBER 30, 2020

Nursing Weekly Summary

- Continued to work closely with Environmental Health and their facilities outreach efforts to bring nursing perspective to recommendations.
- Assigned 25 facilities to nursing staff for follow up.
- Created and monitored an additional 6 outbreaks through Wisconsin Disease Surveillance System (WEDSS).
- Continued routine public health nursing work including lead exposure and routine communicable disease follow up.

Environmental Health Weekly Summary

- Responded to 2 COVID-19 assistance requests received from school systems and childcare centers.
- Responded to 58 COVID-19 assistance requests from long term care facilities.
- Addressed general COVID-19 related guidance requests from businesses.

A Note from Brown County Public Health

Brown County Public Health is urging the community to consider how individual actions like tailgating, dining out at a restaurant, or attending a wedding without taking proper precautions such as physical distancing, or wearing masks, may contribute to increased spread of COVID-19 here in Brown County.

All gatherings and activities involve some level of risk. Wearing a face covering helps protect our communities, including those at higher risk for severe illness and workers who frequently encounter others like nurses, grocers, and first responders.

The sooner we get back to working together to flatten the curve and prevent the spread of COVID-19, the sooner we can get safely back to work, school, sports, concerts, and doing all the things we all miss.

We're all in this together.
