The purpose of this document is to assure that minimum elevations are being complied with in the floodplain. A known benchmark on the subject property will assist the owner, contractor, inspector and anyone else involved with the project.

Section 23.28(2)(j) of the Brown County Code states: A registered land surveyor, or engineer must set a benchmark on the property to assure proper elevations except where a municipality has a benchmark established.

Indicate below the description of known benchmark in NAVD88 or attach sheet with that information. **Whichever is used must have individual's seal or stamp for authenticity.** This shall be valid for six months unless otherwise noted:

I, \_\_\_\_\_, hereby certify that on \_\_\_\_\_ a benchmark was  
(PE or RLS Signature) (Date Completed)  
established for the property indicated above. I can be reached at \_\_\_\_\_ if there are any  
questions or comments. (Phone Number)
