

CTH O (Allouez Avenue) Construction Project Details

The Brown County Public Works Department will be replacing the pavement on CTH O (Allouez Avenue) from East River Drive to CTH V (Lime Kiln Road). The work consists of curb and gutter repair, removing the existing pavement, repairing poor subgrade areas, and placing new pavement.

Project Schedule:

Work on this project is scheduled to begin April 5th and is expected to be completed by mid-August. The schedule is weather-dependent.

Traffic and Access:

Access to all businesses and residences will be maintained during construction. Construction will take place in 3 stages. Some minor access delays can be expected while work is taking place at the end of your driveway. For properties with two or more driveways, one of the driveways will always remain open.

Stage 1:

CTH V (Lime Kiln Road) to west Target Entrance:

Two-way traffic will be maintained during this section. One side of the road will be constructed at a time. This stage is anticipated to take approximately four weeks.

Stage 2:

West Target Entrance to CTH XX (Bellevue Street):

The roadway will remain open to westbound traffic only. Eastbound traffic will be detoured using CTH XX (Bellevue Street), Hoffman Road, CTH GV (Monroe Road) and CTH V (Lime Kiln Road). This stage is anticipated to take approximately six weeks.

Stage 3:

CTH XX (Bellevue Street) to East River Drive:

The roadway will remain open to westbound traffic only. Eastbound traffic will be detoured using CTH X (Webster Street) and CTH XX (Hoffman road/Bellevue Street). This stage is anticipated to take approximately four weeks.

Mail Boxes:

The mail boxes located on CTH V (Lime Kiln Road) will be temporarily relocated during construction. This work will be completed by Brown County staff at no cost to the property owners.

Temporary mailboxes will be set up at the following locations:

Stage	Address Range	Temporary Mailbox Location
1	1929 – 2050	NE corner of the CTH O and Fire Lane Drive Intersection
2	1581 - 1929	NE corner of the CTH O and Fire Lane Drive Intersection
3	730 – 1581	Mail Delivery will not be affected as part of this project
