

PUBLIC INVOLVEMENT MEETING

Project ID 9277-01-00
County EE
Mourning Dove Ct to Lawrence Dr
Brown County
December 5, 2023

Welcome to the public involvement meeting to discuss the reconstruction of the intersection of County EE/Grant Street and Mid Valley Drive. The intent of this meeting is to provide information about the proposed project and to receive input from you on the project.

This meeting will be an open house format for you to view the project displays and ask representatives from Ayres and Brown County any questions and concerns.

Along with this handout is a sheet for your written comments about this project. Please use this to write down your comments and either deposit them in the comment box or send them to us at the address on the comment sheet.

1. PROJECT PURPOSE AND NEED

The purpose of the project is to address safety and operational concerns at the existing intersection. There is a high number of right-angle crashes due to vehicles attempting to turn left onto County EE from Mid Valley Drive. The intersection is also experiencing backups and delays on the north and south approaches during the morning peak hour.

2. PROPOSED IMPROVEMENT

The proposed improvement would reconstruct the two-way stop-controlled intersection as a single-lane roundabout. In addition, the following would be included as part of this proposed construction project:

- Curb and gutter
- Curb ramps and pedestrian cross walks
- Concrete sidewalk
- Storm sewer replacement
- Retaining wall in the southeast quadrant

3. PROPOSED TRAFFIC IMPACTS

Construction is currently scheduled to occur during the 2025 construction season.

During construction the intersection of County EE with Mid Valley Road will be closed. Traffic on County EE would be detoured during construction.

4. RIGHT OF WAY

No right-of-way impacts are anticipated.

5. PROJECT SCHEDULE

Public Involvement Meeting

6. PUBLIC COMMENTS

We encourage you to talk to the engineers and ask them any questions you may have. We also ask you to contribute any information or comments that you may have that will help us in the development of the project.

Please submit your comments by **December 19, 2023**.

If you have any additional questions or need information in the future, you may contact any of the people listed below:
