Summer 2024

South Bridge Connector Moving Forward

Thanks to federal, state, and local partnerships, the South Bridge Connector is moving forward and heading towards construction.

Brown County was fortunate to receive \$5 million in federal design funding and \$50 million in state funding for the construction of the new Fox River bridge and connecting streets. The I-41 South Bridge Connector interchange is also being funded and constructed by the state as part of the I-41 project, and federal funding has been obtained to construct a section of the facility east of the Fox River. The local project funding is being contributed by Brown County, the City of De Pere, and the Towns of Lawrence and Ledgeview.

The support we've received from the Governor, WisDOT, state legislators, federal partners, our local governments, and the public has been tremendous. This new facility will serve this rapidly growing area of the county, alleviate congestion, and improve traffic safety. The new facility will also encourage economic growth by providing an efficient link to major highways from businesses and industries on both sides of the Fox River.

The first sections of the South Bridge Connector will be open when the I-41 interchange opens in 2026. A new section of County Highway EB from Scheuring Road (County Highway F) to the new I-41 interchange will start in spring 2025, and the section of County Highway GV from the new I-41 interchange to Lawrence Drive will be built in 2025. The remaining sections of the South Bridge Connector are currently being designed, and the entire project is scheduled to be finished by 2029.

It takes extensive collaboration to make a project this large happen, and I'm grateful for the sustained support and partnerships with the many project stakeholders at the federal, state, and local levels.

Troy Streckenbach
Brown County Executive

You're invited

Public Involvement Meeting

September 12, 2024

Altmayer Elementary School

3001 Ryan Road
De Pere WI 54115

6 to 8 pm
Presentation @ 6:15 pm
Commons Area

SBC Section Summaries

EB-39 (County Highway F to Mid Valley Drive)

- Two-lane road with paved shoulders
- Sidewalk on east side of road
- Design will be completed in 2024
- Construction will occur in 2025 & 2026

GV-14 (Innovation Court to Lawrence Drive)

- Four-lane boulevard with wide outside curb lanes
- Sidewalk on north side of street
- Design will be completed in 2024
- Construction will occur in 2025

GV-15 (Lawrence Drive to County Highway D)

- Four-lane boulevard with wide outside curb lanes
- Sidewalk on north side of street
- Grade separation between railroad & street
- Design scheduled to be completed in 2027
- Construction scheduled to occur in 2028 & 2029

GV-16 (County Highway D to State Highway 32/57)

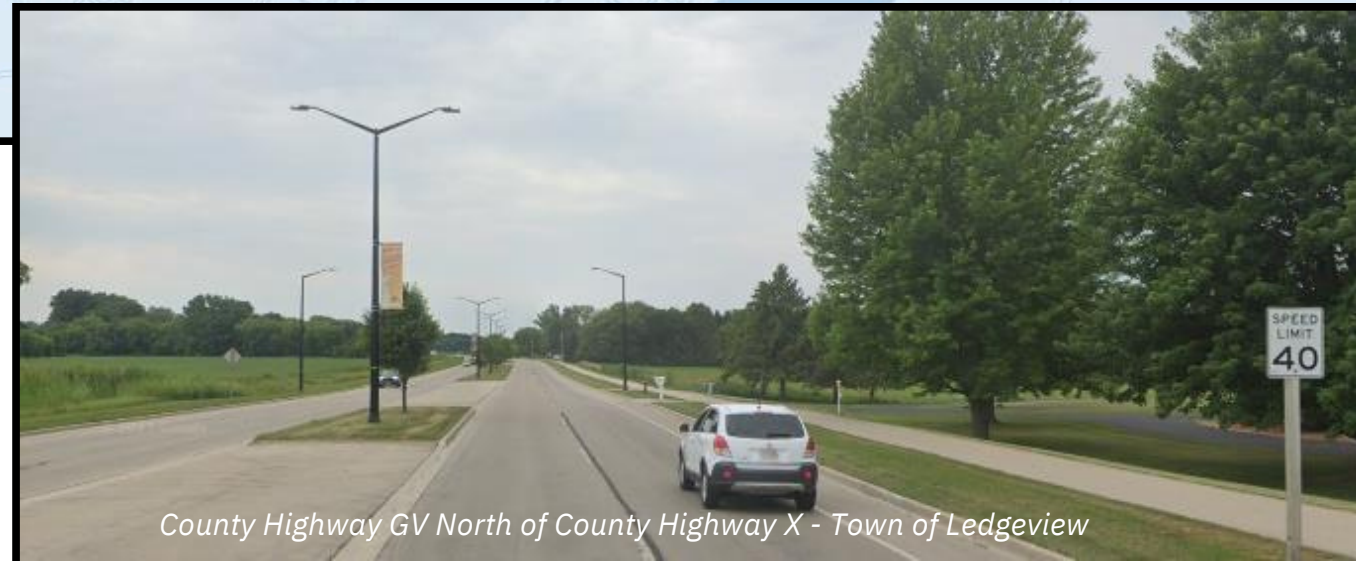

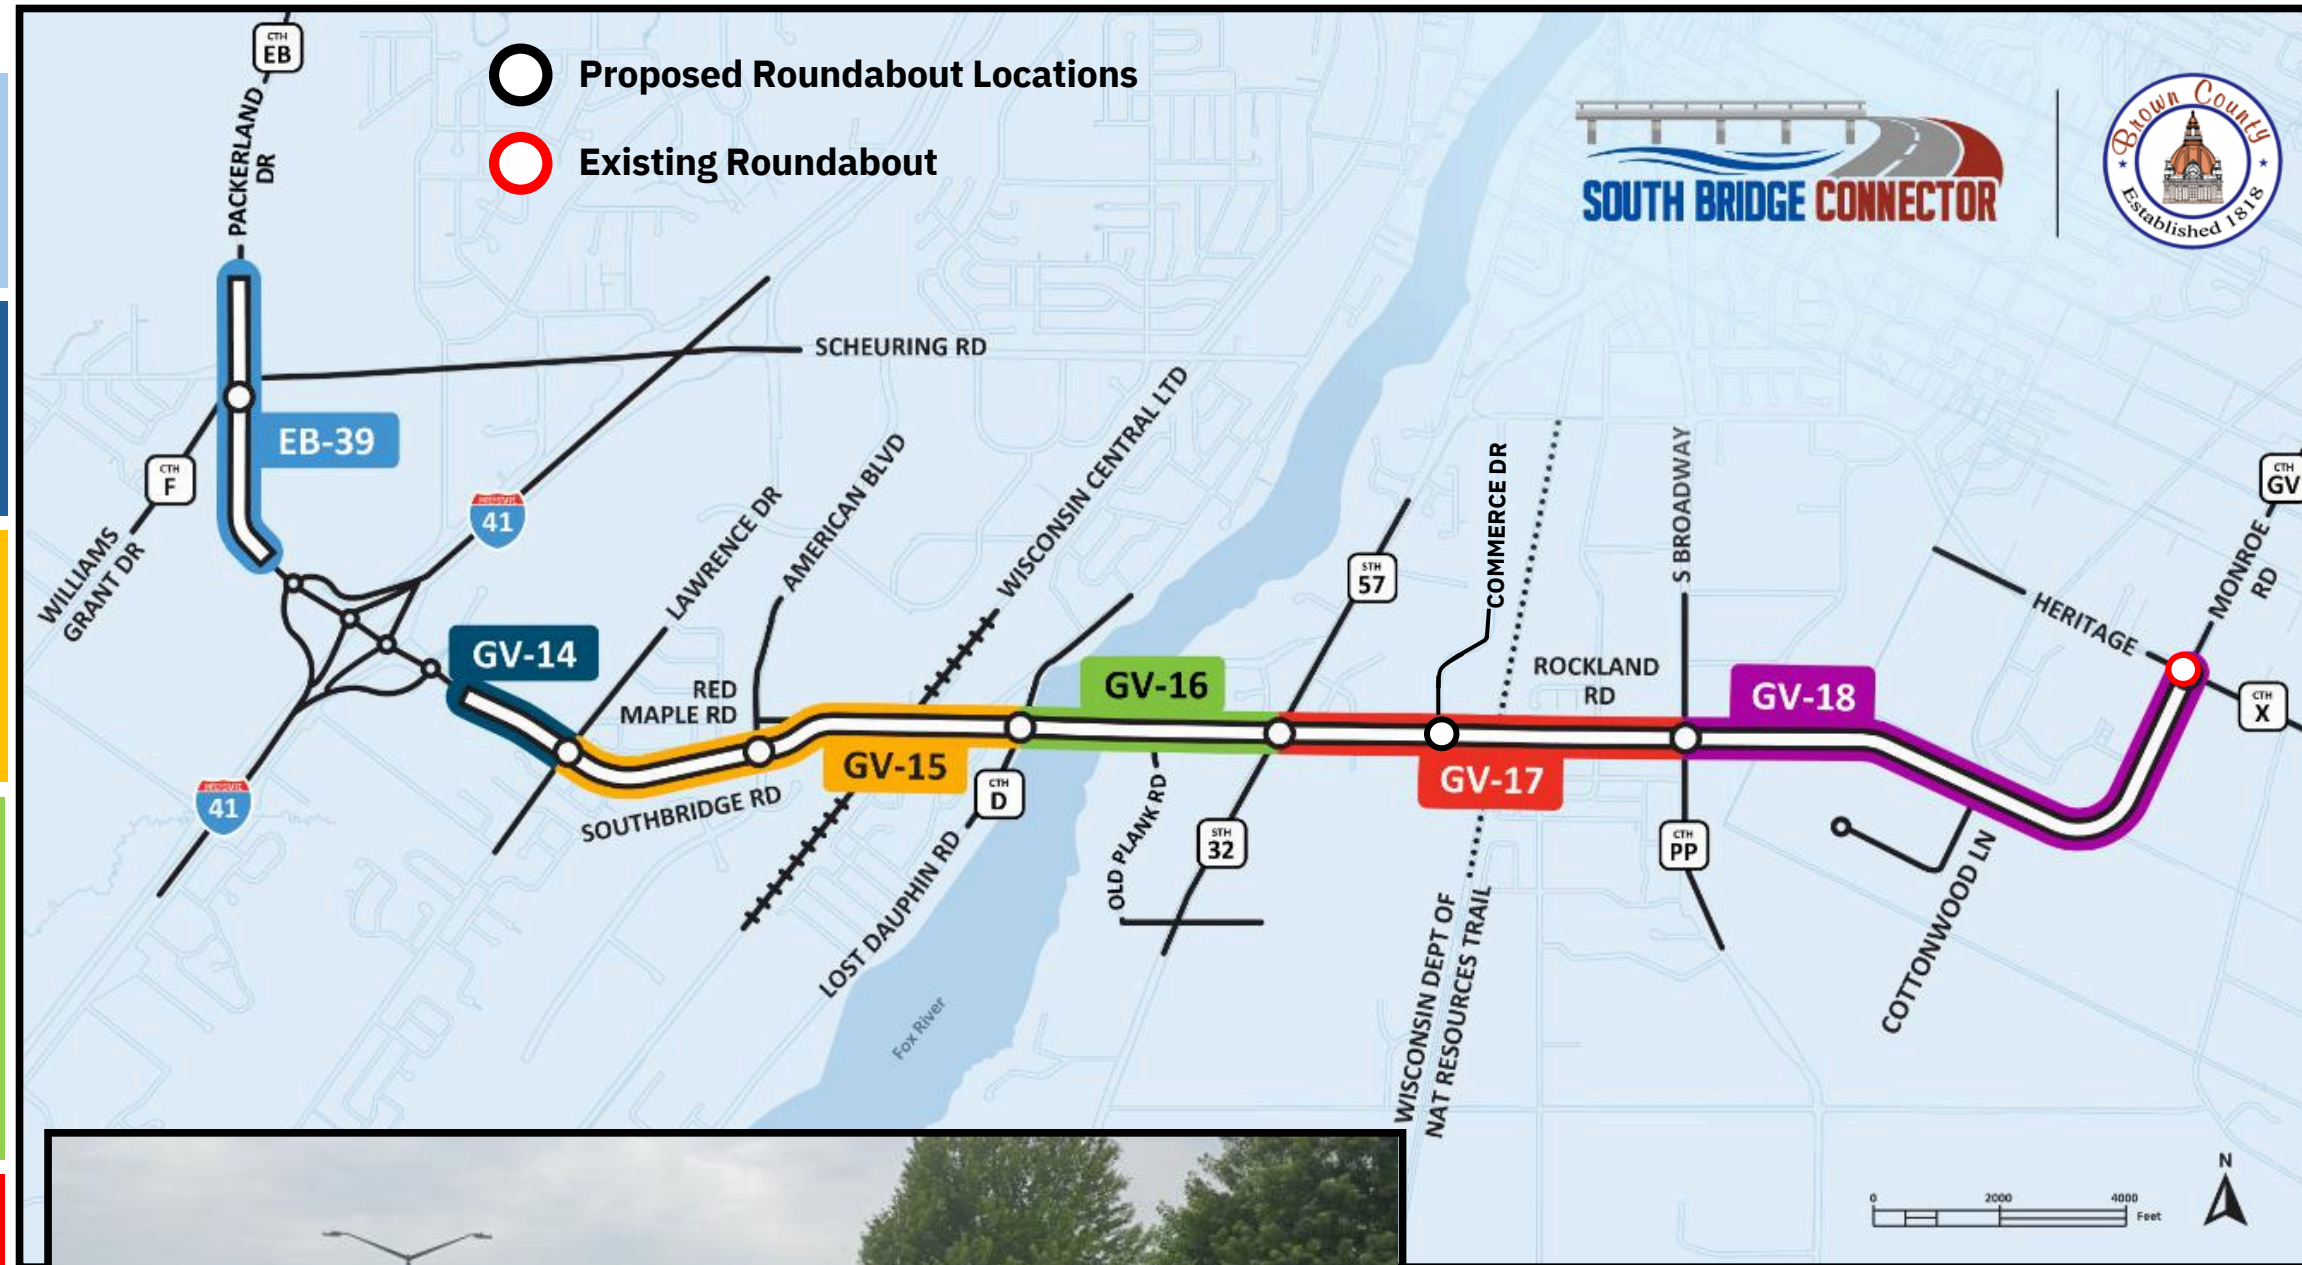

- Four-lane bridge over Fox River
- Four-lane boulevard with wide outside curb lanes between Fox River bridge and State Highway 32/57
- Median barrier along center of bridge
- 12' sidewalk on north side of bridge
- 8' sidewalk on south side of bridge
- Design scheduled to be completed in 2026
- Construction scheduled to occur between 2027 & 2029

GV-17 (State Highway 32/57 to County Highway PP)

- Four-lane boulevard with wide outside curb lanes
- Sidewalk on north side of street
- Grade separation between Fox River Trail & street (if feasible)
- Design scheduled to be completed in 2027
- Construction scheduled to occur in 2028

GV-18 (County Highway PP to County Highways GV/X)

- Four-lane boulevard with wide outside curb lanes
- Sidewalk on north side of street
- Design scheduled to be completed in 2025
- Construction scheduled to occur in 2026 & 2027

County Highway GV North of County Highway X - Town of Ledgerview

The designs and posted speed limits of the SBC sections east of the new I-41 interchange will be the same as County Highway GV north of County Highway X (Heritage Road).
