**Communications**

**2. Communication from Supervisor Knier re: Park Department to look into getting rezoning on the Fonferek Park property for the dog park (referred from May County Board).**

Chair Vander Leest stated that at this point this issue had been defeated at County Board and questioned if staff had any comments in regards to it. Doug Hartman, Assistant Park Director stated that it still needed to be rezoned which should have been done in 1991 when it was purchased. He stated he had filled out an application and is in the process of getting a check cut to pay the \$200 fee associated with rezoning.

**A MOTION WAS MADE BY SUPERVISOR WARPINSKI AND SECONDED BY SUPERVISOR WETZEL TO RECEIVE AND PLACE ON FILE. Vote taken. MOTION CARRIED UNANIMOUSLY.**

3. **Communication from Supervisor Knier re: Parks Committee to improve signage to clearly outline the Fonferek Property.**

Hartman stated that Supervisor Knier was at the Public Safety meeting and there was discussion regarding the Sheriff helping with the issue. He explained that additional signs have also been ordered. Supervisor Warpinski suggested holding for one month to have staff work with Supervisor Knier and neighbors and report back.

**A MOTION WAS MADE BY SUPERVISOR WARPINSKI AND SECONDED BY SUPERVISOR BRUNETTE TO HOLD FOR ONE MONTH AND HAVE STAFF COME BACK WITH A LIST OF WHERE THEY ARE PLACING THEIR SIGNS AND REQUEST SUPERVISOR KNIERS INPUT ON WHERE SHE FEELS THE SIGNS SHOULD BE. Vote taken. MOTION CARRIED UNANIMOUSLY.**

4. **Communication from Supervisor Vander Leest re: Request to find a more suitable location for a dog park in Brown County (referred from May County Board).**

Supervisor Vander Leest stated that Supervisor Erickson had informed him that he was working on this issue but may have a location in mind on the corner of Newberry Ave. and Alpine Dr. that potentially could be a suitable area for Brown County and at very little cost.

Hartman stated there was a big open space but there were more neighbors there than Fonferek and it had limited parking.

**A MOTION WAS MADE BY SUPERVISOR VANDER LEEST AND SECONDED BY SUPERVISOR WARPINSKI TO HAVE STAFF WORK WITH SUPERVISOR ERICKSON ON THE OPPORTUNITY AND REPORT BACK. Vote taken. MOTION CARRIED UNANIMOUSLY.**

5. **Communication from Supervisor Vander Leest re: Request to develop a parking pass program for volunteers at downtown library to avoid volunteers to have to plug meters every few hours during volunteer programs for the Brown County Library (referred from May County Board).**

Supervisor Vander Leest stated that this was brought to his attention and questioned if there was a way to work with the Library to give volunteers a type of parking pass to relieve them from having to plug the parking meters. Lynn Stainbrook, Library Director responded that they do reimburse their volunteers who request it if they park in the parking ramp but they don't often publicize it due to not having a budget for parking. She continued that they would like to maintain the street parking for people who want to come and go quickly. It was her understanding that the City manages the parking meters that are located in the library parking lot. The library receives the revenues after the management costs are deducted.

Supervisor Warpinski suggested securing parking passes debited off the library for the ramp that a volunteer could check out. He agreed that customers should have access to the library and volunteers are an internal issue. Stainbrook stated that it was a delicate subject because they value their volunteers and couldn't do without their volunteers.

**A MOTION WAS MADE BY SUPERVISOR WARPINSKI AND SECONDED BY SUPERVISOR WETZEL TO DIRECT LIBRARY STAFF TO DISCUSS POSSIBLE PARKING SITUATIONS WITH THE CITY OF GREEN BAY AND THEIR RAMPS WITH THEIR VOLUNTEERS AND REPORT BACK IF THERE IS ANY BOARD ACTION NEEDED. Vote taken. MOTION CARRIED UNANIMOUSLY.**

6. **Communication from Supervisor Vander Leest re: Request to require that all Park Trust Fund records be kept to show the amount in the fund for each project (referred from May County Board).**

Hartman stated that they have the tracking software now and believed this issue had been originated from previous to 1996 in which they can't find detailed records. He felt this was a reflection of what happened years ago.

It had been brought to Chair Vander Leest's attention from Administration that if they were going to approve the dog park at the last County Board meeting that they also make a greater attempt for documentation and questioned if there had been any further discussion. Jayme Sellen, Legislative Assistant stated that she believed it had all been worked out.

Bill Dowell, Facility Management Director, stated that they had a couple meetings with Administration Director, Lynn Vanden Langenberg, and it was decided that Lynn wanted something more formal but Dowell wasn't sure where to go from there. He felt they were o.k. with their record keeping now because they have the RecTrac software. RecTrac is a comprehensive, fully integrated software package that can automatically process many types of transactions involved in providing recreation and park services.

Discussions ensued in regards to what the Park Trust Fund is to be used for and it was decided to have the Park Department come back next month to let the committee know the mission purpose they want for the Park Trust Fund and to enclose what is in the fund. As a committee they can discuss if they agree with the mission and then can vote on it.

Stainbrook provided handouts re: Brown County Library Summer Reading Program ([www.browncountylibrary.org](http://www.browncountylibrary.org)), Art Attack and the May, 2009 Library Report (attached) and reported on the following:

- Stainbrook noted that the library had partnered up with Green Bay Metro for the Summer Reading Program. GB Metro is sponsoring free bus rides for kids that show their library cards on Wednesday's throughout the summer and will display posters that promote their Summer Reading programs. Studies show that children who read during the summer come back to school more prepared. If they don't read they can lose as much as three months per every month they do not read.
- The Library continues to work on their automation agreement and is having some problems with peripheral equipment, such as self-checks, automated telephone notification and cash drawers working with the OWLSnet system.
- There is no news to report on the Federal Stimulus Dollars. Another letter went to the Governor with flyers from children with comments about how much they love the library.
- The Library Board had been presented with a landscaping design for the park garden area next to the Central Library from a student at N.W.T.C.
- Library administration will be meeting with the Ashwaubenon President, some Ashwaubenon village board members, Supervisor Wetzel and others interested in a larger Ashwaubenon branch.
- Supervisors were invited to attend the Summer Reading Program kick-off event on Saturday from 10 am – Noon at the Central Library.
